### STORM WATER DISCHARGE POINT OF SALE COMPLIANCE PROGRAM

The Silver Lake City Council has approved a “Point of Sale” compliance program. Here is a list of suggested contractors that can repair sewer lines.

#### SEWER SERVICE COMPLIANCE CONTRACTORS

Juul Underground, Hutchinson	952-457-8867
Hjerpe Contracting Inc, Hutchinson	320-234-8305
AR Engh, Cokato	320-286-2020
Precision Utilities, Mayer	612-251-1976

All of these contractors can provide competitive sewer line repair services so storm water is not discharged into the sanitary sewer system. Once the repairs are done, Public Works will evaluate the sewer lines, sump pumps, foundation and/or roof drains for program compliance.

During the winter months, if repairs are not possible, an escrow account must be established at closing. Later, when weather conditions allow, corrective work can proceed to bring property into compliance. In closing, the Point-of-Sale program applies to all real estate transactions after January 1, 2023.

If you have further questions regarding the Point-of-Sale compliance program and/or wish to see a complete copy of the ordinance, please reference the ordinance section at [www.cityofsilverlake.org](http://www.cityofsilverlake.org). You can also contact the city office at [cityhall@cityofsilverlake.org](mailto:cityhall@cityofsilverlake.org) or 320-327-2412.

Regards,

Diane E. Pedersen
